## WHY

In 2022, A Stable Space was founded by Interior Decorator, Sandi Kaneko. Her vision is to steward her time and talent to bless expectant moms who are facing an unplanned pregnancy. By eliminating the stress and financial burden of preparing room for a baby, moms can simply focus on welcoming new life. They will know that they are valued and not alone.

There is no cost to the mom at all. A Stable Space is a 501(c)(3) organization that relies on the generous support of volunteers and donors.
